

Let's take to the streets to support the revolution of the Iranian people against the Islamic regime.

No Shah, no MEK, no Mullahs — Democracy and Freedom

More than fifteen days have passed since the start of the Iranian people's protests against poverty, rising living costs, and the Islamic regime. From the outset, these protests have been met with brutal and widespread repression by the regime — repression as violent as it is futile. In recent hours, we have witnessed an unprecedented escalation, with harrowing images of lifeless bodies lying in Iran's streets. A defenseless people, crushed on one side by extreme poverty and on the other by a bloodthirsty government imposing total censorship.

We, a group of Iranians residing in Italy, mourn the precious lives lost among our countrymen and believe that, at this stage, nothing is more important than safeguarding the lives of protesters, regardless of their political views or aspirations. Repression must cease immediately, and all political prisoners must be released. We regard the progressive movement "Woman, Life, Freedom" as our guide and believe that any form of religious-based, individual and lifelong government stands as an obstacle to the Iranian people's historic struggle toward democracy. We firmly oppose any intervention by authoritarian, genocidal, and war-mongering powers that commit crimes across the globe solely for oil and resources. We believe that every single missile launched by Putin, Trump, or Netanyahu has no other purpose than to intensify repression and crime, ultimately leading to "replacing one dictator with another" — to the benefit of plundering peoples.

On Saturday, January 17, 2026, at 3:30 PM, we will gather in Piazza Cordusio in Milan to express solidarity with protesters, honor the memory of the victims, and shout together: "Woman, Life, Freedom." Please do not bring flags or political symbols. Our goal is to draw attention to the regime's crimes.
